MITSUBISHI PENCIL

WITH UNI SUPER INK

comes

UNI SUPER PENS

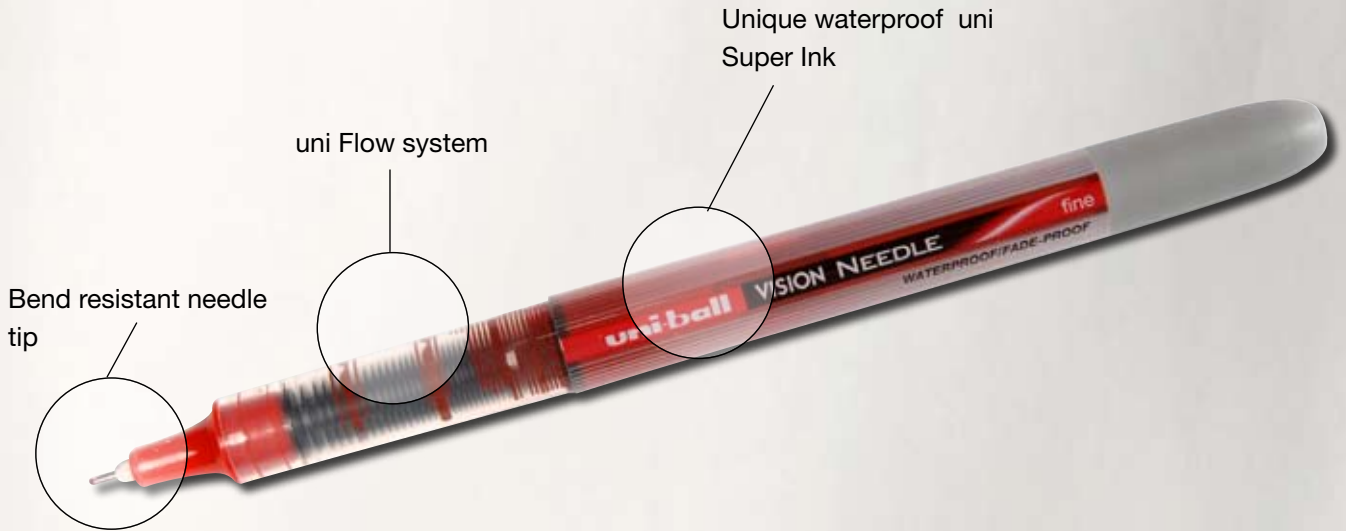

VISION NEEDLE

With uni Super Ink comes uni super precision.

Unbending. Unflinching. Vision Needle copes well under pressure and has uni-ball's smoothest, strongest needlepoint. Its lasting precision and unbreakable performance are thanks to an incredibly durable, pressure resistant tip. And it hits fraudsters where it hurts with tamper proof uni Super Ink, which is virtually impossible to remove once on paper.

always in
safe hands*

The power of uni Mitsubishi technology

- A constantly sharp line is maintained from the first stroke to the last
- The unique design of the tip ensures a perfect, unbroken straight line
- Comes in 8 striking colours
- A uniquely strong tip head won't bend after 19 newtons of force, unlike conventional needle tip pens.
- uni-flow system ensures continuous and consistent ink flow until the last drop of ink
- Two tip sizes available - Medium (0.7mm ball delivering a 0.5mm line) and Fine (0.5mm ball delivering a 0.4mm line)
- Unique waterproof uni Super Ink inside
- Line width: 0.4mm (0.5mm ball)
- Two tip sizes available - Medium: 0.5mm line (0.7mm ball) and fine: 0.4mm line (0.5mm ball)
